20th ANNIVERSARY ISSUE

MEMORABILIA

1643—Two pioneering Englishmen who had settled in Connecticut, set sail across Long Island Sound to negotiate with the Rockaway, Merimeck, Marsapagaut, and Matinecock Indians to purchase a huge tract of land which included what is now Hempstead and the Town of North Hempstead.

1683—Hempstead became part of Queens County.

1784—Town of North Hempstead created from part of Hempstead.

1830—First newspaper established in Hempstead.

1835—Long Island Railroad extended to Hempstead.

1869—Part of Hempstead sold to establish Garden City.

1898—Hempstead became part of Nassau County.

1911—Tom Dier, the old Postmaster, wrote of the early church in Point Lookout: "In 1911 there was a little church built on the old boardwalk on the bayside. It was small but could seat fifty. Sometimes we had a minister and the other times a priest. When neither were present we just sang hymns and said some prayers.

A lady had an organ, and when all deliveries were made Sunday, which were only for milk and newspapers, we used to get the organ on the wagon and take it to the little church. On the way to the church there was a hotel and as in those days they were open all day Sunday, we used to stop and play the organ, sing a hymn and read a few verses from St. Matthew for the proprietor who could not get away to go with us.

Later on Long Beach built churches and the ferry company put on an early boat to take people there. There were only a few who could not or would not go. We, the ones that were left, would take the organ to the hotel dining room and most always we found a clergyman to serve, but if not, we served ourselves.

1932—Lido and Point Lookout Fire district started; organized officially in 1930.

1931—Point Lookout Volunteer Fire Co., Incorporated. Bought a pumper from Bellmore. Bob Doxsee loaned land to build a house - which was built with volunteer labor in one weekend.

1932—Several persons met at the home of Mrs. Katherine Hermann, 104 Ocean Blvd., and there held the first worship service. (to develop into a Community Church).

1933-1937—Mission Church of St. Mary of the Isle. Father Buckley, said Mass in the Fire House Hall.

1933—Willis E. Johnston offered the use of his recreation room at 72 Baldwin Avenue for the Community Services.

1934—The Fire Company moved first small house to Lido Blvd. and Hewlett Avenue. Present large fire house built that year. (Fire Company Bldg.).

1934—The Point Lookout Fire Company offered the use of their hall for Sunday (Community) Services - Services were held here till 1938.

1937—Father Butler founded Our Lady of The Miraculous Medal Church and on July 3rd, the present Church on Parkside Drive was dedicated.

word “community” that precedes the name church means precisely that: this Church is not just concerned about its own members, but about all those who live and work in this community: to those of other faiths, and to those of no faith. It is commendable that the people of this church are concerned with not just church problems and potential, but with the community’s problems and potential. This particular tradition is deeply engrained here, and for this I am most grateful.

Like all churches, there is potential here that has not yet been exploited and people who have not yet been totally enlisted. It is my hope and prayer that this potential will be exploited and that these people will become completely enlisted into the cause of Christ and Church. With Christ as our exemplar, and with your support and guidance, we shall work towards that goal which is the Kingdom of God; yes, even here.

The Rev. James S. Watson

FIRE DEPARTMENT

For the past several months our silent home alarm system has been in operation. This system is tied in with the phones in the homes of the Department's members. Whether an alarm is sent in by way of a fire-alarm box or by phone, a special signal sounds in the homes of our rescue and firemen, and eventually, when the "bugs" have been ironed out, we will be able to send the peace of mind to the owners of those homes.

On the 30th of this month bids on construction of the new firehouse will be opened. All signs that our Board of Fire Commissioners is dedicated to achieve progress and modernity.

OVER "50" CLUB

Slides and commentary on the "Gay 90s" were enjoyed by all at the last meeting of the Over "50" Club.

A one day trip to Lakewood, N. J. is planned for January 25th.

Catherine Gannon

SQUARE CLUB

The regular meeting was not held in lieu of the annual Christmas party.

A most enjoyable evening was had by all. Andy Kunz and Ralph Samson Sr. sure can tickle the ivories. (and the singing was not to be belittled either!) A buffet was set up to appease the appetite.

The number of members present was most gratifying, considering some had already left for warmer climates. Since more are preparing to abandon the cold weather, the meetings will be postponed.

Till April then - quote - "Have A Happy."

ABOUT FOLKS - Cont’d from Four

The Arthur Lamandas say “on our recent cruise to the Caribbean, we stopped at St. Thomas and ran into the Pavlicks, Joan and Al, formerly of Point Lookout. They seemed quite happy and send their regards to all Point Lookouters. They are both working there and appear to be settled permanently.

Bea Lechler had a bout with the ice and lost and found herself in the hospital. About all right now.

“An ill wind, etc.” - Beautification workers John Panarello and John MacDonnell very happy about all the rain and snow - saved them a massive job of watering the trees.

Art Neppel writes he is “typing on our screened porch at 11:30 A.M. and it’s 74!!! BUT ART, you’re not getting “the change of seasons?”

It was good to see many of our service men home for the Christmas holiday. You could almost tell who was home by seeing the mothers' happy faces. We saw Jimmy Gannon, Mike Peloquin and Bill Dugan who will now be attending school in New London for eight weeks, before being assigned to a submarine. Kevin Gelo didn’t make it home for Christmas, but he is now out of the Marines and home for good.

Hear the Bobles on Inwood Avenue since 1937 plan to sell their home here and move to Lakewood, N. J.

At the meeting of the Thursday Night Club held on Friday, Jan, 20th. Justin McCann added to the fire the last log of that big lot presented to him at his surprise birthday party two years ago in Brown’s!

Get well wishes to Harry Bickmeyer in the hospital. Many people down with the flu, we sincerely hope the worst is over for this winter. Wonder how many people spotted the seal on an ice floe in the inlet the other day? We didn’t, but we are going to start watching. We have lots of good bowlers from Point Lookout in the Top Forty League but that avid bowler Doc Werthelmer had a 3 game series of 645 one night. Great going Doc.

Fred Behrje rolled a 275 one night awhile back, which is high game so far. Congratulations Fred.

Speaking of sports, our younger boys are having a great time at the Rec Hall Saturday mornings and Tuesday evenings playing basketball, thanks to the time and effort of a few of our good dads.
POINT LOOKOUT FISHING CLUB

There are markers in life as well as in the waters to get a bearing on the course you are running! The 20th ANNIVERSARY issue of the Outlook is such a marker; one to pause to look both backward and forward! Forward gazing into the crystal ball sees me leaving Point Lookout for unfamiliar fishing grounds and new surroundings in Lakewood, N.J. It is with a twinge of sadness that I contemplate leaving behind these waters and surroundings which have meant so much in the past, so many glorious hours of fishing experiences.

Looking back, I read in the COMMUNITY OUTLOOK of June-July 1961 under "Fishing Club":

"Those who made up the Fishing Party last month were fortunate indeed. The weather was clear and comfortable and the fishing was very satisfying. The thirteen members present accounted for well over four hundred flounders and blow fish. And, of course, good weather or bad, with plentiful fishing or scant, there is always that fine spirit of good sportsmanship and congeniality so prevalent when members of the club get together. At the June meeting the Club presented Charles Bohle with a beautiful barometer-thermometer! I can recall with satisfaction when President in those days when we had seven trips scheduled thru the summer season with Captain Remy Haynes on his CAPTAIN HAYNES!

A letter signed by Jim Lamb, Secretary, and Bill earley, President dated April 11, 1961, read in part "A chance to get together and lie about the big ones that got away. A movie was shown by Fred Zuckerman and refreshments served by Bill Cunningham. This year we have chartered Captain Hayne's boat out of Captree for six trips on the following dates:

Saturday, April 29 (flounders)
Tuesday, May 23
Saturday, June 24
Saturday, July 8
Tuesday, July 18 and Saturday, August 19."

Us old squares can say "them was the days!"

More recently, we recall an article by Frank Keating about Gaylord the Gull - "Are you up there Gaylord? Come down. It gives vittles. Well, our yellow-eyed dock-fellow of three years standing, saw and came. He wheeled out of somewhere overhead, and in a majestic glide coasted to a flopping stop on the stained dock piling. There he sat and the ½ lb. fish, winged away apparently to eat his meal in solitude. Three minutes later he was back, the undamaged flounder swinging from his bill. Without amenities, he dropped the fish back on the dock and fixed us with a baleful stare. We took the fish knife and reduced the flounder to manageable pieces. Thereafter we saw to it that his eminence received treatment befitting his station, always bite-size."

A few days later Frank Keating had the following item in his column:

"ANOTHER SMART alecky gull. Wrote Charles Bohle, editor of the Point Lookout Community Outlook:

"Your delightful account of your relationship with Gaylord the Gull brings back recollections of a similarly friendly, overbearing smart gull-Mr. Gertrude."

"I first made the acquaintance of Mr. Gertrude while out with John Panarelo on his 'Turando.' After several days anchored at Buoy 11 in Reynolds Channel, Point Lookout, we noticed what we came to recognize as the same gull. Here comes Gertrude again,' we used to tell one another. Wasn't long before we realized that she was he but, already named, we could only tack on the 'Mr.'

Day after day—but every day—we had only to anchor the boat when, within a short time, there was—king of this area. No other gull came for our handouts without a sharp rebuff from Mr. Gertrude. Supreme confident of his position, Mr. Gertrude would take each of our offerings, calmly swim to the bank, climb up and eat it. Then, he would wing back to resume his place 50 feet behind the boat."

Not having a meeting in December, there is a dirth of news about Activities, except that our winter get-together is scheduled for February 10th at Brown's Lobster House. See you there!

Our fisherman member, Otto Stelling, just returned from Puerto Vallarta, Mexico, a village in lush jungle. A 3-day hunting expedition resulted in Otto "getting a cat" - a full grown 45 lb. ocelot with an 1896 Winchester 16 gauge single shot shotgun. He missed out on a wild boar, due to the animal's ferocious attacks having so badly mauled one of the dogs that the guide had to shoot the boar before Otto could get close. Otto came out, badly mauled by stings and insect bites, and sadly enough to news of his mother's death, necessitating a wild 35 hour trip home by any means possible.

...THE COMMUNITY OUTLOOK...
It is very happy to hear that the OUTLOOK will have a 20th birthday this month. I am pleased to send along my personal wishes, and those of all in our parish for the genuine community spirit conveyed in each issue of the little newspaper. There’s no doubt that the OUTLOOK has gone beyond its function as a news medium. It is a powerful vehicle for the establishment and the maintenance of true Christian charity, the kind of charity that binds us all together.

With renewed sentiments of gratitude to all who are making the OUTLOOK possible, I remain

Father Fagan

Congress of the United States

I am very pleased to extend my congratulations on the occasion of the 20th ANNIVERSARY ISSUE OF COMMUNITY OUTLOOK. The members of the Community Outlook staff are to be commended for the public service they are performing for the residents of Lido Beach and Point Lookout.

In addition to reporting the local news to the people of these south shore communities, you have made a significant contribution to the preservation of our conservation and recreational resources by alerting your readers to the important issues pending before local, state and federal legislators. May this 20th anniversary mark not merely your past achievements but lead the way for many years of continued success and public service ahead.

THE OUTLOOK QUOTES

County Executive Office

The growth of weekly and suburban papers such as "Community Outlook" has contributed immeasurably to better informing the citizens of the community. Small community newspapers have contributed to the growth, beauty, prosperity, culture and arts and provide a vital forum in which public discussion on all sides of all issues can be heard. Best wishes for your continued success in servicing your "family" of 1,800 families.

Eugene H. Nickerson

Office of Presiding Supervisor

"In this area of super-sonic jets and nations racing to the moon, it is important that our citizens be well informed. It is the responsibility of the mass media to provide this information rapidly and accurately. But, sometimes the role of the small-town weekly or monthly newspaper, which provides vital information about the people who live next door, is overlooked or minimized. Local news items and public notices are important in the lives of the people of a village. The Community Outlook of Point Lookout has provided this vital service to local residents for 20 years. The entire community should be proud of the dedicated editors who have rolled to keep them informed. I wish the paper continued success and another 20 years of service to the community."

Ralph G. Caso

Office of County Clerk

"It is with a great deal of pride that I congratulate the Point Lookout Community Church on the 20th Anniversary of the "Community Outlook." Pride, because the paper has made an outstanding contribution to fostering the growth of our community and furthering the spirit of understanding and respect between neighbors. I wish you continued success."

Franklin H. Ornstein

Community Church Trustees

"The small town paper is always attuned to the needs and the interests of those in its area. The COMMUNITY OUTLOOK serves such a purpose and I trust it remains a means of furthering a local "good neighbor policy!"

Albert Thomps

Point Lookout Civic Assn.

"I am reminded that the January issue of the Community Outlook will be the 20th Anniversary Issue of the paper. This paper has proven to be one of the best media to communicate with all residents of Point Lookout. It has always been impartial and its services will be remembered for many years to come. It is our hope that the newspaper will continue to serve our community as it has in the past."

Arthur Lamanda

Point Lookout

"The Outlook is an inspiring piece of journalistic excellence and a persuasive instrument for promoting the good of our community and its people. From its pleasingly informative reporting of neighborhood social news to its edifying sermons and comprehensive reports on important civic projects, the Outlook communicates a spirit of good will, high standards, and an enlightened concern for the community's welfare."

Thomas P. Dowling
